#### COLONIAL COVERINGS.

Western films have been brought up-to-date! "Gun Smoke," the Richard Arlen starring picture which comes to this theatre Saturday is as modern as the "rackets" of the big cities—yet it combines all the red-blooded fervor, all the free-riding glamor, all the picturesque outdoors scenery of the true Western picture. Others in the cast are Mary Brian, Eugene Pallette, William Boyd and Louise Fazenda.

COMEDY in capital letters is promised by Manager R. L. Jennings of the Colonial Theatre with the arrival Sunday of "Forbidden Adventure," the hilarious satire on life in Hollywood, with Mitzi Green, Edna Mae Oliver, Louise Fazenda and Jackie Searl in the featured leads. This tale of two rival mothers and the ascendancy in Hollywood of their respective progeny is replete with everything that will make an audience burst out into prolonged hilarity. "Forbidden Adventure" is based upon Sinclair Lewis' latest novel, "Let's Play King."

The popular Adolph Menjou and a brilliant cast will be seen Thursday and Friday at this theatre in M-G-M's "The Great Lover." Irene Dunne of "Cimarron" fame has the feminine lead opposite Menjou and important roles are played by Ernest Terrence, Neil Hamilton, Baclanova, Cliff Edwards, Hale Hamilton, Roscoe Ates, Herman Bing and Elsie Janssen. The nature of this picture is indicated by its title, the plot concerning the amorous affairs of a noted European opera star who is as well known for his sex appeal as for his qualifications as a singer. Our hero's overlapping romantic affairs result in the most un-expected if usually diverting complications.

#### QUIHI NOTES.

"Blessed is the man that walketh not in the council of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful." Ps. 1, 1.

Sunday School and Bible Class began in the Bethlehem Lutheran church at 9 o'clock Sunday morning. A cordial invitation to be present to make this service interesting and profitable is extended to all.

Divine service will be held in the Quihi Lutheran church Sunday morning in the German tongue at 10 o'clock and Sunday night in the English language at 8 o'clock. All are cordially invited to all services in this church.

Thursday afternoon, August 6th, the Ladies' Aid Society of Bethlehem Lutheran church will hold its regular bi-monthly meeting at 2 o'clock P. M. in the parish hall. A cordial invitation to be present is extended to all.

The pastor and the members and friends of Bethlehem Lutheran church of Quihi and St. John's of New Fountain are invited to participate in the installation service to be held in St. Paul's Lutheran church of Hondo, Tuesday night, August 4th. This interesting service will be conducted by the Rev. E. A. Sagebiel of the Lutheran church of Texas.

The literary-musical program rendered last Sunday night by the Quihi Luther League was both very interesting and profitable. All numbers on the program were rendered excellently. The star numbers of the occasion were the maiden English address of Rev. K. Konzack of Castroville and one by the Rev. W. C. Leibfarth of Hondo. Both addresses were interesting and timely, and were greatly enjoyed by the capacity audience present. Immediately after the program the Luther League held a business meeting which showed the same to be in flourishing condition. A committee consisting of Mrs. Frank Boehle and Miss Esther Bohlman was appointed to visit sick members and bring them flowers. The next League program will be rendered August 30th.

KOTHMANN CLAN HOLDS REUNION.

Llano, Texas, July 26.—One of the largest family reunions held in this section was at the Premier Ranch in Mason County, 30 miles from Llano, this week, when members of the Kothmann Clan gathered for three days. The event marked the 86th anniversary of the establishment of the Kothmann family in America.

Present were several hundred descendants of the founders, Heinrich and Katherine Kothmann, who left their native country, Hanover, Germany, with a band of emigrants under Prince Solm and landed at the old port of Indianola in 1845. The Kothmann colonists soon moved to Fredericksburg and later settled permanently on Willow Creek in Mason County.

The Premier Ranch, which is one of the show places of this section, is owned by Elgin O. Kothmann, a prominent Texas ranchman.

Although most of the Kothmann descendants and their families live in Llano, Mason and Gillespie Counties, other places represented at the reunion were San Antonio, Dallas, Austin, Houston, Brownwood, Brady, Seguin, Hondo, LaGrange, Brenham, San Angelo and Pecos City.—Monday's Express.

## TWO TEXAS BOYS WIN TRIPS

Will Visit Detroit in August as Guests of Fisher Body Craftsman's Guild

DALLAS, July 23.—(Special)—When the 102 leading boy craftsmen from all parts of the United States gather in Detroit next month as guests of the Fisher Body Craftsman's Guild, Texas will be represented by Emmett E. Day of Commerce and Carl Waters of W. W. Th.

At the judging which just ended here, Emmett and Carl were adjudged the most skillful craftsmen among the many Texas boys who constructed miniature Napoleonio coach models in the \$50,000 competition sponsored by the Guild. The judges took into consideration every process involved in coach-building, going over with minute care every entry submitted in the state.

In addition to the Detroit trip, with all their expenses paid, these two first-award winners will receive \$50 each in cash and an opportunity to re-submit their models for a national award—one of the four university scholarships of four years each to be awarded at Detroit following the national judging.

The winners of second awards—one in each of the two age divisions—are Murray A. Winn of San Antonio and George Nicholas Wilman of Greenville. These boys will receive \$50 each in cash and their models too will be judged in competition for the scholarships.

Honorable Mention for Texas went to Alex Kasper of Ennis and J. A. Franz of Dallas. The other Texas winners, each of whom received one or more awards in cash, are John Johnson of Cartizo Springs, Eunice Dove of Waco, Van Painter and Charles Hunter of Dallas, L. N. Cox, Jr., of Celina and George D. Overton of Luling.

Texas boys whose models did not earn awards this year have the right to re-enroll and re-enter them, with improvements, if they wish, for the second annual Fisher Body Craftsman's Guild judging to be held here next year. The same list of awards will be offered.

## MISCELLANEOUS SHOWER.

On Friday afternoon, Mrs. Andrew Schuehle and Mrs. Alfred Schweers entertained with a miscellaneous shower at the home of the former, honoring Miss Elsie Buss. After the guests were assembled, the honoree was led into the room by little Miss Shirley June Ulbrich and Master Jimmy Duderstadt, who were dressed as farmers. Master Bobby Joe Buss, another farmer, pulled a farm wagon loaded with beautiful and useful gifts to the honoree.

After each gift was admired, Mrs. P. E. Lancaster read a toast to which the honoree responded in words of thanks for the gifts.

Refreshments were served to about twenty-five guests.

## TO MISS ELSIE.

In the words of Edgar A. Guest.

She is fair to see and sweet,  
Dainty from her head to feet,  
Modest, as her blushing shows,  
Happy, as her smiles disclose.  
And the young man at her side  
Nervously attempts to hide  
Underneath a visage grim  
That the fuss is bothering him.  
Pause a moment, maiden fair!  
This is not the station where  
Romance ends, and wooing stops  
And the charm from courtship drops.

This is but the outward gate  
Where the souls of mortals mate,  
But the border of the land  
You must travel hand in hand.  
You who come to marriage, bring  
All your tenderness, and cling  
Steadfastly to all the ways  
That have marked your wooing days.

You are only starting out  
On life's roadways, hedged about  
Thick with roses and with tares,  
Sweet delights and bitter cares.  
Heretofore you've only played  
At love's game, young man and maid,  
Only known it at its best;  
Now you'll have to face its test.

You must prove your love  
worthwhile,  
Something time cannot defile,  
Something neither care nor pain  
Can destroy, or mar, or stain.  
You are now about to show  
Whether love is real or no:  
Yonder down the lane of life  
You will find, as man and wife,  
Sorrows, disappointments, doubt,  
Hope will almost flicker out;  
But if you are rightly wed  
Love will linger where you tread.  
There are joys that you will share,  
Joys to balance every care;  
Arm in arm remain, and you  
Will not fear the storms that brew,  
If when you are sorest tried  
You face your trials, side by side.  
Now your wooing days are done,  
And your loving years begun.

### BAPTIST NEWS NOTES.

The Christian religion furnishes us with the only dependable and inspiring ideals for life, in all of its relations; therefore, the man who rejects the Christ as Saviour and Teacher necessarily resigns himself to those influences which furnish us the tragical and heart-rendering incidents which shame society and bring humiliation in its pitiless train. The hot summer time is trying to the flesh, and yet it is entirely worthwhile to maintain ones loyalty to Christ and follow his leading than to yield to our ease-loving natures, and possibly desecrate the passing hours. We will all feel better and accomplish more for good by meeting at the house of God on Sabbath mornings; studying His Holy Word, and worshipping together in his Temple.

"Philips Missionary Labors" will be our subject on next Sunday morning, at the Bible School hour. Acts, 8:26-40, is the Bible reference passage. Turn to it and read the story, then be present at 9:45 A. M. We will all feel better when we see you. At 11 o'clock, the pastor will speak on "The Second Coming of the Christ" and some things which shall accompany his return to the world. "Be ye also ready, for in such an hour as ye think not, the Son of Man cometh".

We are hoping to have arrangements completed for an "Open-air Revival" meeting to be held on College Square, beginning on Sunday evening; next announcements will be made Sunday morning at both the Baptist and Methodist churches. If we succeed in completing these arrangements the entire Community, including the whole county, will be invited to participate in the services. It will be well to attend the services at the morning hour and hear final announcements as to the proposed revival.

Perhaps if we were all given more regularly and consistently to the Cause of Christ, we would be more reconciled to unhappy business conditions. If we enjoyed more of God, we could do no less of this world.

Mr. and Mrs. Julius Wurzbach and baby of Cliff spent Sunday here with her parents, Mr. and Mrs. Adolph Haegelin. Mr. and Mrs. Wurzbach just returned from a trip to the Carlsbad Cavern and to Cloudcroft, New Mexico, in company with Mr. and Mrs. Milton Wurzbach of Cliff. They report a lovely trip.

### METHODIST CHURCH NEWS.

The plans are practically completed for a mid-summer community-wide revival. This is to be held in the open so that it may be comfortable for all. We can find no better way to spend a part of this summer month than in a revival meeting.

The good fellowship to be derived from it is worth the effort, if there was not the spiritual uplift. But this spiritual uplift is the need of every one of us. May this come to everyone.

There will be the usual services at the Methodist Church Sunday morning, Sunday school at 9:45 and preaching services at 11 o'clock.

Sunday evening we will all come together for our first services of the revival. Follow the crowd. Get into the meeting from the first services.

All members are urged to attend and all that will are invited to worship with us.

P. E. LANCASTER, Pastor.

In these money tight times the best news in the paper is that furnished by the merchants who tell you how you can make your money go the farthest in purchasing your necessities. Not all Hondo merchants are as generous in spreading good news as they might be, but even so there are numerous chances to save more than the price of a year's subscription by taking advantage of the savings offered in this issue alone.

Sam Moore has been on the sick-list for the past ten or fifteen days, having been caught as a victim to the prevalent summer colds. Sam put himself on a buttermilk diet and expects to "fight it out on that line if it takes all summer"—provided the buttermilk supply holds out!

Mrs. H. Price of Woodside, L. L. writes: "A year ago I weighed 190 lbs. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 years old than the mother of 2 children, one 19 and the other 18. Every one of my friends say it's marvelous the way I reduced."

To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85 cent bottle lasts 4 weeks—get it at W. H. Windrow's or any drug store in America. If not joyfully satisfied after the first bottle—money back.

TEXAS AND TEXANS.  
By  
Will H. Mayes  
"All Texans for All Texas"

## Texas' Big Crops.

The Texas wheat crop is estimated at 58,720,000 bushels, oats at 76,338,000 bushels, corn at 101,517,000 bushels. There is only a limited market for this grain, at prices much below cost of production, and a lack of storage facilities. Wheat is selling in some places as low as 24 cents and other grains are proportionally low. What to do with this immense crop is a vexing problem. If it could be conserved or sold at fair prices, the Texas grain crop alone would largely solve the Texas economic problems. The Canadian wheat crop is short, as is that in the Northwestern States, but financial conditions in Europe have almost eliminated foreign markets. In some places vacant store buildings, and in a few instances vacant residences, are being rented at nominal prices for grain storage to encourage holding for better prices. If the Texas grain crop could be held for higher prices, Texas growers would be better off to hold it and allow their lands to remain idle rather than sell at present ruinous offer. That many cannot do this because of debts that must be met and grain growers cannot hope for moratoriums.

## Everything Plentiful.

All other Texas crops are more abundant than last year, but all markets are weaker. There is even more money in the banks, but it is harder to get it because the banks, largely due to low crop prices, are more exacting as to security. There is no reason why farmers should suffer for food, if only they will use the precaution of animals and store the surplus. Of course, all farmers are not making enough of all crops to provide for their needs, but they can practice the old custom of exchanging products and labor. In some places merchants are doing this. A Plains barber offers to give a haircut for a bushel of wheat; a movie proprietor offers to accept wheat for admission to his shows; some newspapers are again accepting "farm produce" for subscriptions. If you will take the trouble to compare present conditions with those which the people have gone in days past, when little or no crops were produced, you will decide that we are living in days of greatest abundance and need only to do our best to conserve what we have.

## Railroad Rate Increase.

The railroads are making strenuous efforts to get a 15 per cent increase in freight rates. They contend that unless they do, they will not be able, because of reduced business, to make enough money to pay interest on bonds and dividends on stock, and that insurance companies and banks will lose money on the investments and be in danger of failure. This, they argue, would result in pretty conditions from which all would suffer, especially insurance policy holders and bank stockholders in organizations that have railway investments.

The secretary of the Texas Grain Growers' Association says the increase is not justified; that the wheat grower is now getting around 25 cents for wheat, the railroads 19.89 cents, commission men 3-4 of a cent, brokers 1-4, shipping point elevators 3 cents. Before 1914 the grower was getting around 80 cents and the railroad 7-14 cents, he shows, instead of 19.89, and the expense of hauling was then less. He insists that the railroads should not increase, but decrease their rates. The viewpoints differ widely. Take your choice.

## Making Farm Profits.

Some farmers are making money despite low prices of most products. A Bosque county farmer has paid for clearing the underbrush and extra trees on his pecan orchard by grazing sheep and goats on the land one season. A Bell county farmer is making good money from his Elberta peach crop. Bastrop county growers are making money from cantaloupes, watermelons and fruits. Caldwell county farmers are making four times as much sudan grass from fertilized as from unfertilized lands. The Yoakum area shipped 746 cars of tomatoes, for which \$380,000 was received. Red River county farm women are earning thousands of cents off fruits and vegetables with steam pressure canners supplied by the merchants. Denton county farmers have sold nearly \$1,000,000 worth of sheep and lambs grazed and fattened at home. Parker county is shipping the largest crops of melons and cantaloupes. The Rio Grande Valley will ship over 8,000 cars of citrus fruits next season, at present estimates. Weinmar peaches have been selling at \$2.25 a bushel—some of them weigh one-half a pound each. You can prosper in Texas, if you know how and try.

Damming The Hill Country.  
Mountain Laurel Dam, across the Blanco between San Marcos and

Kyle, was built through cooperative community effort. It makes a magnificent body of water that will be stocked with fish. The State Park Board has outlined a plan for a State park surrounding the dam, the land to be donated by the owners and beautified with prison labor. This is one of a number of dams similarly constructed under the direction of James W. Chapman, engineer of the State Game, Fish and Oyster Commission, who started out to build at least 500 dams in the Texas Hill country with cooperative labor. Chapman now says that if penitentiary labor can be had to build there is no reason why there should not be 10,000 small-stream lakes in Texas well stocked with fish. Chairman Colp of the State Park Board, thinks that many of these lakes and surroundings can be converted into beautiful State parks at small expense, convict labor being used. It is to be hoped that Colp and Chapman may realize their dreams. Let's beautify Texas and utilize its beauty spots.

## Using State-Made Products.

Sugar used in Texas eleemosynary institutions during the next year will be refined in Texas. The Board of Control has figured that for each 100 pound sack of Texas refined sugar bought in Texas \$1.23 remains in the State, while for each 100 pounds of out-of-State sugar used only 28 cents remains here. If all sugar consumed by Texans was produced in Texas, approximately \$6,000,000 would be kept in the State that now leaves it. Texas sugar is as good as any and should be as cheap. Why not use Texas refined sugar when you can get it? The same question applies as forcefully to flour, salt, canned goods, meats—almost everything used in the home.

## Will Lead in Phosphate.

Texas may soon lead in phosphate products, according to a statement by James C. Kennedy, president of the Central and Southwest Utilities Company. He says there is a 400,000,000-ton deposit of phosphate shell in the Gulf waters from Corpus Christi to the mouth of the Rio Grande, the potential value of which runs into many millions of dollars. Plans are being made to utilize this wealth.

## Hug-The-Coast Highway.

A connected highway along the coast from Houston to Brownsville, to be built by the various counties in cooperation with the State Highway Commission, is the dream of many citizens of that section. Parts of it are already constructed, but the need for a continuous line is realized. It would be one of the most wonderful scenic routes of the world and prove of inestimable value to the section it would penetrate, as well as to the adjacent territory.

## Brownsville Federal Building.

Brownsville is among the Texas cities that will get a new Federal building, a four story structure of brick and cream limestone, 110 by 120 feet in size, in which will be the postoffice, the Federal court, internal revenue office, customs patrol, weather bureau and an agency of the Navy department.

## See Texas First.

Tourists are being warned not to try to go to Mexico City in cars, expecting good roads. There is a good road from Laredo to Monterrey, but beyond that the highway is inadequate. Lured by attractive advertisements, many Texans have recently attempted the trip, but have found the road impassable.

Angus—Fergus MacChinch let me in on a stock deal on what he called a fifty-fifty basis.

Sandy—That sounds very fair. Tell me about it.

Angus—Fergus has paid \$1,000 for the stock and he sold it to me for \$500. I tried to sell it and couldn't. Then I went to Fergus and asked him what he meant by "fifty-fifty basis."

Sandy—What did he say?

Angus—He said he had lost half on the stock and I had lost half—which made it fifty-fifty.

By the time he had taken a few bottles of the 'Discovery' he was completely relieved of all these troubles, his blood was healthy, and he had no more stomach trouble."—Mrs. Beulah Singleton, 1101 18th St. Tablets or liquid. ## DOLLAR DOWN DANDIES

This country is filled with dollar down dandies—people who are buying a radio, an automobile, an electric refrigerator, and a dozen other things at "a dollar down and a dollar when the collector catches them in."

Let us be thankful that some enterprising Indian Prince does not think of selling his surplus elephants here on the "dollar down" plan. Think of trying to sell an unemployment apple to a fair lady accompanied by her pet elephant.

Mr. and Mrs. Arnold Bendele arrived home Friday night from a trip to the Gulf about Corpus Christi. They report the Taft country under water, Friday afternoon, from tremendous rains. #### DATE OF PLANTING GRAIN SORGHUM AFFECTS YIELD.

By A. D. Jackson.

That grain sorghum acre yields can be increased sometimes as much proper date is shown by 10 years' experiments conducted at several of the Experiment Stations in central and western Texas and reported in Bulletin No. 424, The Texas Agricultural Experiment Station. Dwarf yellow milo, hegari and feterita generally produced the highest yields of grain when planted in the middle of June at Lubbock, Spur, Big Spring and Dalhart. At Chillicothe and Temple, the highest grain yields have been obtained from planting in the middle of May, while at Beeville, farther south, the early April plantings have given the highest yields. Dwarf Blackhul kafir, according to these experiments, ought to be planted about a month earlier than dwarf yellow milo, feterita and hegari for the best grain yields in northwest Texas.

Late planting of all varieties have given the largest yields and the best quality of forage.

CASTROVILLE, TEXAS, TUESDAY, JULY 28, 1931

### STEIN-RIHN.

Tuesday morning, July 28, 1931, at 9:00 o'clock a very pretty wedding took place in the St. Louis Church, of Miss Tessie Rihn, the youngest daughter of Mr. and Mrs. Louis Rihn of Devine, and Mr. Walter Stein, son of Mr. and Mrs. Jacob Stein of Cliff. The bridesmaids were Misses Marie Burrell and Minnie Haby; groomsmen were Julius Rihn and Richard Stein. After the ceremony they repaired to the home of Mr. and Mrs. Henry Schott, where a sumptuous breakfast was served. After the breakfast the party left for San Antonio to spend the day, and in the evening the party betook themselves to the home of Mr. and Mrs. Raymond Schott, where an appetizing supper was served. Mrs. Chas. Suehs was in San Antonio one day last week.

### LION ROARS.

There was considerable commotion and tumult at the Lion's Den Tuesday caused by the voracious agitation of the gusto of the members for the beautiful alimant that Jack had prepared for their emaciated figures. After the repast, peace and harmony prevailed and quietude and tranquility reigned supreme when suddenly the sweet strains of music, with Miss Evelyn Knopp performing at the ivory board, thrilled the listeners as she deftly manipulated the ivory keys playing two selections from Czernie and another called "Sparklets." Then little Miss Margaret Ann, sister to Evelyn, appeared on the scene with that marvelous instrument known as a violin, and they together rendered the selection known as "Berceuse." Again the audience was spell bound and marveled at the ease and perfection with which these young ladies performed.

### INJURED IN AUTOMOBILE. ACCIDENT.

Several persons were injured in a highway accident between D'Hanis and Sabinal, Sunday afternoon about 2 o'clock, when the car driven by Mrs. Robert Reynolds of Hondo, was precipitated into a ditch by the locking of the steering wheel. The car overturned and the occupants were forced to escape through the windows.

Mr. and Mrs. Reynolds and daughter, Elizabeth, sustained painful cuts and bruises; Mrs. Bert Simpson of D'Hanis narrowly escaped serious injury when she received a blow at the base of her neck; Mrs. Regina Deckert of D'Hanis, 74 year old mother of Mrs. Reynolds and Mrs. Simpson, was the most seriously hurt, as she suffered several broken ribs, body bruises and cuts. Mrs. Deckert has just recently recovered from an illness and the accident has considerably set back the venerable old lady.

The injured were carried to D'Hanis for medical attention, and later Mr. and Mrs. Reynolds returned to Hondo. Although for a time Mrs. Deckert's condition was critical, at last report all are well on the road to recovery.

Medina County people should be the most thankful people on God's footstool at the present time. Financially we may all be broke, and unable to sell gold dollars at 75c, but there are no bread-lines here. We never ate sweeter watermelons than this season affords; we did our best, without any appreciable fattening effect—to boost the corn price by eating all the roasting ears we could consume; and now comes our good friend Louis R. Neuman and presents us with two Elberta peaches of his own growing that measured eleven inches in circumference and weighed a pound each. Half of one with a sprinkling of breakfast cereal and a dash of Jersey cream—the kind you get from a cow and not the synthetic kind we used to buy from a firm in Dallas—made this editor a finished breakfast. Verily there is life in the old land yet—and plenty of good eats!

## Garnishes Add Zest to Meat

By FREDERIC FRANCOIS GUILLOT  
Chef, Hotel Astor, New York City

GARNISHES play so important a part in the universally admitted excellence of French cooking, that it is difficult to understand why they are not more widely used in this country. To the cookiest as well as the more economical cuts of meat they lend an added note to zesty flavor.

True, some garnishes are elaborate and difficult to prepare. There are, however, many which are equally delicious, and which impose only a slight demand upon the housewife's time and skill. Among these are many of the sweet garnishes which, because of their sweet-sour flavor, give added piquancy to the dish that they adorn.

Spiced Prunes (Serve with lamb or veal)—Soak one-half pound of

prunes over night. Cook slowly until tender. Add one-fourth cup cider vinegar, one-half teaspoon cinnamon, three whole cloves and three tablespoons brown sugar. Simmer until almost all of the liquid is absorbed. Serve hot with the meat.

Stuffed Apples (Serve with fowl)—Wash and core one-half dozen firm, tart apples. Mash two medium-size, boiled sweet potatoes. Mix with two tablespoons butter, two teaspoons sugar, and salt and pepper to taste. Stuff apples with sweet potatoes, sprinkle liberally with sugar, and bake until tender. Serve hot with, roast goose, duck or chicken.

Rice Croquettes (Serve with stewed chicken)—To one cup boiled rice add one-fourth cup milk, grated rind of one-half lemon, one teaspoon sugar and salt to taste. Mix thoroughly and combine with one well-beaten egg. Mould into croquette shape, dip in egg, then in rolled cracker crumbs, and fry to a rich brown in deep fat. Serve hot.

POETIC pens have written glowingly of breakfast time—that gay hour which celebrates reunion with the world. But since few people feel particularly gay or reunited with the world so early in the morning, it is especially important that the menu be tempting and the breakfast setting inviting.

The menu, above, not only tastes very good but it has color appeal—a harmony of gold and brown. Serve it on your sprig-

giest green breakfast cloth, on china blossom-sprigged—if you have that sort—and sparkling crystal of cheerful color. With the cordial aroma of coffee in the air, it should be a most optimistic occasion.

### A Good Beginning

Breakfast Pears: Drain the syrup from a No. 2 can of pears, and place the pears, cavity side up, in a pan. Put a small piece of butter in each pear. Add one-fourth cup maple syrup to the pear syrup, bring to boiling and pour over the pears. Bake for forty-five minutes in a moderate oven—375 degree—oven. This serves four persons two half pears each.
